

# Apostle Baptistry

Our show stopper, this is the pool with real stage presence for your bigger events – and surprisingly it still fits in most cars for transport!

The Apostle gives your event the same scale as you would get with a permanently installed baptistry. There's plenty of room, plenty of depth and a sense of occasion that's hard to beat.

Our unique design features lightweight panelling that's easy to carry into place. Our specialist reinforcement with metal strips and washers means the Apostle has no problem with the additional water pressure of such a large pool.

You can choose our highly polished ceramic look in a range of colours. Our standard offer is a warm Shaker style cream wood effect. Choose the colour of your liner, with pale blue as standard.

#### Everything included for you:

12 panels; liner; nuts and bolts; a fibreglass step; foam base mats; a submersible pump; a 4.8kw water heater; an insulating floating top; puncture repair kit.

Three options on piping: 10m hosepipe to fill and 10m crushproof pipe to empty OR 15m crushproof piping OR 15m layflat piping.

#### Optional extras:

Add a second liner for £179 + VAT

Add a double step suitable for the deeper pool for £150

Add a good strong storage box to keep all your equipment safe and together for £45

#### Dimensions:

**Capacity:** 3000 litres

**Size when set up:** 210cm across and 100cm deep

**Size when flat:** 12 panels when flat: 100cm x 60cm each

**Equipment box:** 75x45x35cm

#### Rough estimates for you:

**Rating for set up:** Moderate – for team of three

**How long to set up?** Around 30 mins for 3 people

**How long to fill?** Around three to four hours

**How long to heat?** At best around 10 hours; at most around 18 hours (see our blog for tips on heating).
