

# Galilee Baptistry

The Galilee: quick to set up, a good size and plenty of insulation, so it's perfect if you're hiring a space for your event.

The Galilee is the preferred option for customers using a hired space. It's fast and easy to put up, robust, insulated and still big enough to baptise a tall adult with attendants. You get the full reassurance that, in over a decade of regular use, we've never seen a leak thanks to the strong double liner. And, because of the great insulation, you may not need a heater at all, as long as you have access to hot mains water.

You can choose a wooden cladding or fibreglass in a range of colours with blue as standard. Choose the colour of your double liners, with pale blue as standard. Replaceable external panels mean you're buying a pool that will continue to look good for many, many years.

#### Everything included for you:

6 panels; double liner; nuts and bolts; foam base mats; a submersible pump; an insulating floating top; puncture repair kit.

Three options on piping: 10m hosepipe to fill and 10m crushproof pipe to empty OR 15m crushproof piping OR 15m layflat piping.

#### Optional extras:

Add a heater for just £280 + VAT

Add a step for inside or outside the pool from £60 +VAT

Add a good strong storage box to keep all your equipment safe and together for £37.50 + VAT

#### Dimensions:

**Capacity:** 1500 litres

**Size when set up:** 210cm—150cm and 67cm deep

**To Pack Away:** 6 panels and 1x kit box

(75x45x35cm)

*(If greater depth is important we can make a bespoke 80cm deep tank for purchase: 1800 litres capacity, taking 2 hours to fill and 8-14 to heat)*

#### Rough estimates for you:

**Rating for set up:** Very easy

**How long to set up?** 10-20 minutes for two people

**How long to fill?** Around one and a half hours

**How long to heat?** You may not need heating if you have access to mains hot water. With a heater at best around 6 hours; at most around 12 hours.
